Preface

This is hopefully the start of something special in your life. See what you think it is self-explanatory. I personally seek not to make a sect within a religion, nor make a new religion. In fact, one of the problems with the current world is falsehoods within religions. You can find out about such stuff in other books. I encourage you to read, as the reader of nonfiction books is a different person from a person who does not read. It seems that religions get corrupted, left, right and center in this world, even religious people who see the world.

God has guided me so I am seeking to guide you too. I have made what I have learned into poetry in the best form I could. I am not a poet nor plan on becoming one. I hope this book provides you with guidance and hope, and love of God. By God in this book, I am mentioning the one and only God of all that exists. Look at these poems as enlightening as well as prayer and worship poetry.

I devote this book to God.

Thank you, God.

The Author's Reflections And Journey

1

An Autobiography

A Crow in Iran

Black chadors around
Simple life and sounds
Prayer times aloud
Life full of pollution
Less trees, lots of population
Semi-desert hot and cold
A population that is starving for more
Islamic revolution had happened
And war was over
Yet poverty biting like the bitter cold
Something destructive to the bone

Let us fly to offshores

Were the wind blows rain
And parrots sing of freedom and soar
And take our child where he will gain knowledge and a better life
That is what my parents said when they decided
They prayed and applied for a visa, that departed
The child from the relatives, society, language and religion
They started yet finished their life when they departed

Landed in Australia, the land of the wealthy
Of foreign language, nay I am, no you are, no I am,
Of days of saying yes and no
Of years and decades of learning the language in poverty for sure
Then humiliation and suffering from war on terror
Of years of inquisition for being a Muslim
Talk about the hero, me, being the villain
Or was it just the fact, that I was better and they were jealous?

Yet his parents stood for the inquest mentality
As they themselves were of the crowd they thought
They harmed him and gave him no assurance
They eventually changed their mind and became supportive
He tried his best in school eventually it came to him
He had found his love in Islam and its study
And they questioned him
He was in trouble as education was not being worshipped
They all made him cry and crumble
The one man army stopped and he tumbled
He fell into illness, in mumble and jumble
Yet he finished his degree with some hope
As he found some believers at the university that he called home
He attended the prayer room often
In worship he found his peace and his situation became at ease
His friendships were of quality, no longer he was the oddity

He did well yet was not the highest
Both in high school and higher education
He thought, I will get into a research degree and I will prove myself
Little did he know what lay ahead
He met a strong atheist that thought he was God
One that would supervise him for his first and crucial research degree in life

AN AUTOBIOGRAPHY

Little did he know of this fact, yet it became clear after that
He left with bitter remorse and anger
But he was forced to leave science after another professor in disguise
No wonder they have a reputation for bad behaviour in science academia,
Afterwards, he got hospitalised as another episode started
He lost around eight years of life in suffering and recovery after that mental
illness
Yet he had the time to pursue his love
The love of education in the religion of God
And the general knowledge of the world
And he wrote some poetry books that people adored

2

Quotes By Self

I am a seeker of truth, and I know not everything,
so I am knowledgeable.

I am knowledgeable,
so I put ethics above knowledge.

I am ethical,
so I put faith in God above ethics.

I am faithful to God,
so I put God above everything.

3

Study

Somehow love studying.

Somehow the ego-crushing, tiring nature of studying
brings me great self-confidence and happiness.

Somehow the lack of variety and exploration is nullified
by the world of learning that is between the pages.

Somehow the lack of time for frivolous enjoyment is a blessing.

Somehow the fires within my heart are put out with the pleasure of learning.

Somehow I don't just want to study, but I need to like I need sustenance.

Somehow boredom is the lack of studying.

And somehow I like all this without knowing the reason.

Study is important I tell you that

But the worship of God is more important than that

If everyone was into studying for God, the world would be better than this

For this is what study should be not suffering for other than God.

Yearning for Heaven

Shed feathers of sorrow
 Grow wings of love
 Some waiting for hair to grow
 Some worshiping God
 I fear for the day I fly not

The day will come, worry not
 You will find God the most kind
 Just hope you made faith purer
 And worshiped God enough

He is the most forgiving one
 Fly and do good for life is not a miserable one
 And be glad that you love God
 For life has ups and downs
 Heaven is for the pious ones.

5

The Message

The message has reached me
and my environment has become irrelevant,
evidence awe-inspiring,
its invite irrefutable
its relevance inescapable
its benefit a secret pleasure and a treasure
its truth undeniable
my loyalty and allegiance donated yet invested
my emotions all taken
its compulsion my want and desire
its difficulty easy yet after thought easier
devotion to God is what I love and need
happiness and bliss in worship what I will seek
truth and patience in God my guide
God is the supreme I need to worship only God.

6

The Good God

High is the faith
In the God who is Good
Who asks you to reason
As everyone should
So choose the true path
Of the wise and the kind
And leave all corruption
And darkness behind
Transform your reality
From heaven right here
To having God as your guide
And the truth crystal clear
And heaven in the afterlife
Yet the true heaven is God dear

When the world is heavy
And thoughts are bad
Remember the Goodness
And don't be sad
Suffering warps
The view of the mind

THE GOOD GOD

But God is the constant
The truly kind
The purely good

We do know the Quran
Read between the lines
And walk the path
Of the poor and pure
Prophets of God
Perhaps you too,
Will receive a miraculous life
Blessed from God
Not in terms of wealth
Or success, in life
But in terms of friendship
And closeness to God
Know that all is possible
God is the able

To be a believer
Is to be whole
To chase the goodness
With all of your soul
Unified in purpose
And unified in mind
Leaving the evil
And shadows of the world behind
It is fools' gold here
This place is not heaven

Worship the One
The truly Supreme
Not a man or a myth

Or a worldly dream
For God is the Truth
And the Truth is clear
Draw close to the Holy God
And cast away fear

Do not be divided
By idol or lies
But look to the Creator
The God most high
Perfect in wisdom
And perfect in might
God is the only that is divine

How to worship a God that is hidden
Just worship, and you will realise
That he runs to the one who seeks him
And he reveals!
Use your desires and love
Target them to God
And don't hate yourself when you're holy
As the angelhood should take over your materialistic life
Not just your mind.

Learn from the wise
And don't worship yourself or mind
As the idol within can destroy
Your friendship with the divine
It is God's love that is happiness
Not a pleasurable life
Your identity not just an investment
But a holy person who loves God

THE GOOD GOD

God is a supporter of those he loves
He loves to be worshipped
God is a very good friend of mine
I say this from my own miraculous life
Not that of wealth or success
But of friendship with God.

II

Understanding God: Nature, Oneness, and Truth

7

Beginning

Let's begin in the name of God
the compassionate the strong
the holy the wise
the infinite and beyond
the truly Divine

Poetry limited
Yet unlimited is God
God is perfect
and beyond
the awesome and amazing

Leave it for later
sit and listen to these poems
because they are significant rhymes
they are full of wisdom
and deep, so pay heed to these rhymes

8

Faith In God

Nothing is uncreated
Perfect
Self-sustaining
Limitless
And the greatest good
Everything is limited created not purely good
To achieve high faith in God
Don't worship idols
Question things and investigate
And know that the highest reason to believe
Is God himself

God Is Divine

He is the holy
the only
he is the high

He is the pious
the supreme
his is the might

Forever is he
the one worthy of praise
not photos not poems

Nay nor you or I
God is the answer
the one and only God

The one above the throne
the creator of all
the hearer of your call

So prostrate and praise

FROM REVELATIONS OF GOD

The God most high
His is the dominion
Of all that is sublime

He is the divine
he teaches in the Quran
so try and be good
and have faith
in God the most high

10

God Is Good

God is the

Wisest

Holiest

Gentlest

Most considerate

Most understanding

Knowledgeable

Pious

Tolerant

Patient

Life giving

Most intelligent

Most interesting

Amazing ever

11

God The Truth

Terrible is myth
When not valid
Religion with teeth

Trust God but seek
Truth with evidence
To believe

High is faith in God
Purely good for
Pious believers in him

Can there be evidence
For God the unseen
Yes there is

Look, and you will see
Think, and you will perceive
Do good, and you will feel

There is harm,

GOD THE TRUTH

In baseless inherited beliefs
Some made up by some, a terrible thing

Done for fun or harm
Gain of wealth
Power or prestige

Truth is God
Follow truth
As truthful people

Truth or tall tale
Choose one
And you'll be chosen

As a Godly person
The other obvious corruption
An unholy person

Faith much stronger
When following truth
God is truthful

Truth is God
God is truth
Be truthful people

12

Monotheism

To be a monotheist is to be unified in mind
In goodness without any degree of evil
To have a unified understanding of everything
Unity in the worship of God and in goals in life
In faith for God and its pursuit
To not worship the world
Nor evil
To be purely good is thus monotheism.

13

Quran

Quran you will find a treasure therein
So deep that takes years to get an idea of the truth within
After that still you will discover
All sorts of gems you never knew existed
Lay just in front of your eyes
Gems of truth of miracles of insight
To your reality that is now transformed
To that of near heaven.
Because you took the time
And decided to open your heart to God
By picking up the Quran
Like the many of past and present
So welcome to the truth
Of burdens truly removed
No longer you are blind and dumb to God
Now you are a holy person
You have time for enjoyment
The enjoyment of the treasure of the world
So, tell that friend of yours
To pick up the Quran

The True Believers

Holiness is one, and belief is one, as God is one
to be good and holy is to be a believer in God
the holy are the near to God
the holy are one
whatever their religion maybe
there is only one God
and God loves the people that are holy
the holy are the true believers in God
but by the standard of God not of humankind

The Way Of God

Follow the way of God

But follow it when the way is right

And know that God is the best judge as to right and wrong

And God is never evil.

know that no one is perfect

Everyone including angels

Are people worshipping God

God the perfect.

True Reality

Suffering does warp one's perception
then one thinks bad thoughts and gets depressed
but it does not change reality
that of existence of a good God
life is good and bad
there is good and evil in the world
mind changes, things change
but the highest reality does not change
is that of the existence of God
with worshiping God one becomes better in every way
so seek to be good and anchored to the true reality
that of existence of God

What Is Normal, What Is Success?

God is normal and absolutely good,
Everyone else is abnormal,

Don't pursue the normal,
But God the good,

God is the highest, the good,
Worship him and you will be good,

No need to compare yourself to others,
As there is no ideal normal in others,

The ideal is God,
And to worship him is the highest success.

Names of God

The best names belong to God

God is high

God is one

God is holy

God is kind

God is peace

God is good

God is forever

God is right now

God is everywhere

God is powerful

Check your religion

By checking your deeds and belief

If you have corruption in there

Your definition of God will not be

Of the best names belong to God

Therefore, your religion needs improvement

No matter what you call it

God is the centre of everything

With corruption in this perspective

NAMES OF GOD

There is corruption at your core.

III

The Path of Worship and Devotion

A Prayer

I am here to worship you God

I am not here for fun or pleasurable life

I am not here to get wealthy and destroy the planet

so please guide me as I want to be like the angels in heaven

help me resolve the problems in the world

help me help the believers in you

oh God help me tell the religious to believe in you

oh God you are the best I love you and fear you

Desire To Worship

High ways and higher ways
Worship God always
Piety paves the way
As God is holiest as always
Naughty never succeeds
Not necessary anyways

To be holy is hugely important
Worship is fun and should be desired
The soul is quenched with the divine
As designed by God
So enjoy and want worship for God
And believe as the believers in God

21

Friendship With God

Friendship with the one and only God
would it be obedience
or be it kindness with love
it is not about you or me at all
it is about God

He draws near to ones he loves
worship day and night
he will become more beloved
than you to yourself
and you will find yourself transformed

That is the meaning of religion
not anything but growth
and being in union with the one you love
it is but a mercy from God that you exist
and can be friends with the most beloved

Neglect not your chance with anger

and bad words as he is all hearing
and hates evil more than all
give your time and life and live
a righteous life of worship of God

Don't give into the temptation of wealth
As God loves the poor and austere in life
Don't spend time in luxury and comfort
God loves the one who avoids the worship of wealth
Be loyal to God and seek his friendship
He will repay with loyalty and love.

How To Achieve Friendship With God

Let's not settle on bandaging problems in religions

They only create a mess in the head and actions that are wrong

They lead to more evil, and they never heal

Say no to group thinking

Don't harden your mind to something that does not make sense

Even what people call God

Or try to justify things in religion so that you can be good in the future

Or have the religion you want

Worship God and seek the true religion

that of goodness

Independent from the biases that are in life

Seek to worship the purely good God

then you will succeed

A success where you will be a friend of God

23

Love God

love God

love God and be good

God will love you

Be kind to God and God will be kind to you

Stand up to evil and God will stand up for you

Serve God and God will help you

Include God in everything

And God will include you in his love

Love Of God

If love was a seed
its sun mercy
its soil peace,
and the heart's breeze
brought it seas
of hopes and bliss.

So it grew with speed
to the delights of the sights
to something unseen,
its serenity sinking in hearts
its voice rejoiceful and sweet
its form satisfyingly at peace.

Yet its roots selfishly consuming
the joke-less evils and pains
and the heart's deepest darkest states,
who can be the sower?
Who else, but the Supreme!
And the plant's name can't be
but submission to him!

Heaven be peace and serenity
secret and sound all surrender
sweet and safe for all eternity
blissful success for the holy

Success is in God
to worship one God
the God most high
the true and kind
the one who exists
more real than me
for non-exist but Him
worship is sweet
worship is peace
forever worship will be
for God, the supreme!

Maximize

Maximize the worship of God,
Till you are tired and can't worship anymore,
value worship of God above all else,
reason through life and know that worship comes first,
That only worship of God is important,
And should be absolutely done no matter what,
maximize your love for God,
And the fear of God so to avoid sins,
And live a blessed life in peace,
Maximize seeking God,
Rather than the hereafter,
So you become truly successful

Remembrance Of God

How do I practice you wonder

just say 'I love you God'

20 times a day

It is not easy if you say it when you remember

and you leave some time between one to another

The Cure Is Fasting

When in anger and troubles with faith
do good deeds till you find peace

Reject frustration by prevention
prevent by patience and trust in God

When in frustration do not seek worldly gain
have patience seek doing good deeds

Be fearless there is life in the hereafter
fast from worldly gain and seek God
then you will have peace.

What Is Worship Of God?

What is worship of God

Is it to harm oneself and think God is pleased?

Nay God is good and wants ease for people

As written in the Quran

It is to please God doing what is pleasing to God

All the time and in all ways

To not overdo a thing nor to neglect a thing

To prostrate but not too much

To rest when one is tired

To fast and when it becomes difficult to break the fast

To not become extreme in doing something

But to be good and do things that are good all the time

It is when one does good for the pleasure of God

And only God for only he is worthy of worship

Worship More

Work less worship more
That is what you should do

Then you will have heaven
The best reward

Don't short-change yourself
Take a break

World is an illusion
Heaven the real success

God wants worship
The key to your success

Worship more work less
Take a break from the worldly rat race

Worship Of God

God comes first not I
I come second or last
Wait God comes there too
Then where do I come?
But come not at all
That is the meaning of worship
To give God all that one has
Time, money, deeds, praise, and importance
To God, not anything other.

Submission to God

Don't say, do, think and believe what you feel like
unless you feel like saying, doing, thinking, and believing what God likes
be what God is pleased with
one submitted to God

Don't have faith when you feel like
unless you feel like having faith all the time for God
but have faith that God will be pleased with
like one submitted to God

Islam is about submission to God
so be pleased that you are of those submitted to God
and read and reread the Quran
till your heart finds peace in submission to God.

IV

Living a Righteous Life: Ethics, Character, and Avoiding Sin

Fighting Evil

To eliminate evil

do not make it worse

do not seek to get rid of it always

fighting evil sometimes makes it stronger

or brings about a greater evil

try to bring evil towards goodness

that is the best way to eliminate evil

Good Over Evil

The better and high one becomes
 The higher the understanding of God
 And the rejection of evil
 Therefore, God is calling us to himself

To worship none but God, not any evil
 God guides the good and keeps guiding them
 So, they become purer and purer from evil
 As God is good and loves the good

With goodness comes goodness
 With evil more evil
 So, choose to be good
 Choose the good over evil

Believers try to worship and understand God the purely good
 Thus, we are trying to be good
 And we are succeeding
 As there is a God
 And he is entirely good
 And so are holy people

How To Be Good

Don't

Neglect

Abuse

Or manipulate anyone

Including God

Then you will be holy and high

Don't take yourself or anything else as an idol

think for yourself and seek knowledge

love goodness and worship of God

then you will be beloved by God

How To Remain Good

To remain good you don't just have to desire to be good
but you have to do good deeds to keep yourself good
it is God's decision if you are good
not anyone else's
nor your understanding of yourself
so be good for God
rather than to be known by others
or yourself
the true judge is God
and God runs the world

Identity

Identity you are not my master

For many you have fooled but not I,

I will not surrender!

You are my decisions, but you are a delusion

And You are not me, but you are an illusion

For my decision now is the real solution

You are outdated and so should you be forgotten

For now, is the time when I am I

And you are nothing but an outdated I

You tell me nothing but lies about the future

For my decision now is the real solution.

You and I are not one, but we one day will be

in a better situation body and time

resurrected and forgiven hopefully

In the Garden of heaven singing blissfully

the songs of praise of God the only one

God with Identity of the best kind

Therefore my decision now is to worship you God

and to observe patience and faith
to observe fasting from the world and to do good
for the best identity for me is, that of a worshiper of you God.

Knowledgeable

Sell your cleverness and buy some awe,
 then knowledge you will be traded for no price at all,
 but when you are rich, you will still be a beggar,
 blaming the thief once your friend called time the nagger,
 but don't give up forever young is science,
 pursue knowledge to the grave if you must,
 for even if the thief leaves you utterly bankrupt,
 your awe will remain in humanities heart forever incorrupt

Forever is not what humanity is,
 and if time leaves you bankrupt, did you have time to worship God?
 Or did you go corrupt?
 Will you be remembered as a fool or a knowledgeable person by your acts?

Give your worldly life for awe of God,
 and don't sell your cleverness for a low price,
 religious knowledge you can get for free,
 when you are rich in knowledge, you will decide to be poor,
 as God loves those who are simple in life,
 God is near, so pursue religious knowledge forever,
 for even if the life of the world leaves you utterly bankrupt,

there is heaven for those who believe in God,
and your worship will remain with God forever incorrupt.

Which is better remembrance of you by humanity or God?

And which is better the remembrance of humanity or God by you?

I choose God the awe-inspiring clever one, the creator of all,

So I seek worship of God and seek knowledge as a worship of God.

No To Envy

The aim is not to be better than another holy person

The aim is not to be the highest holy person

As God is the highest holy person

The aim is to worship God

To be a friend of God and be God focused

No To Sin!

God's love is the goal
 Friendship with God the reward
 God is the best
 God's name merciful to believers
 Say no to sin
 Worship God the supreme
 Forever God is and should worship be
 Dangerous is sin
 For believers and belief in God
 The holy sinless God
 God is the one and only
 The true and truth itself
 The truthful in the Quran
 Rewards are many in heaven
 The greatest one God's love
 The worst punishment his anger
 Let's not sin as believers
 Let's say no to sin

No To War

Lack of war is wise
As war brings the demise
Loss of happiness and faith

With love to all,
peace brings all through life
And faith gets destroyed by doing unholy acts in war

War be it with people or God
Both ways,
there is no true victory

With regret and bad deeds,
one is enslaved to pride in idols
And with haughtiness and contempt the pens will write one's end

What about the misery caused
Of harm to self and others who could have been your friends
None can truly compensate except God, the compassionate

True Believer

All the good should be believers in God,
Sincerity honesty knowledge and modesty in their hearts,
Seeking especially religious knowledge their desire and doing,
Living in purity of righteous living their dream and doing,
Know and love science but worship God the supreme,
Don't worship the society its people of present or past,
They think of the holy as people like themselves,
People to learn from and try to beat in piety.

True Kindness

God

God is God

God's revelations one

God says he is one

in every revelation of God

one mind should you be about God

Goodness personified

perfection beyond personhood of any kind

kindness show to self by worshiping God

God will make you holy in his eyes

to have life and be guided and have the chance to worship God

what a blessing God has given the good in life

and what is more, heaven where you can worship God forever

God

what a kind God we have and who has us in mind

What Is Sin?

Evil is sin

A corrupting thing

Respect God

And you will see

A better world your life will be in

Be grateful to God

Don't do sin

Sin the opposite of good

Good is goodness to God

Faith is only for God

Faith is opposite to sin

Sin is opposite to faith

Hate sin and have faith in God

Love Love

You must love love,
 For the love of love you love,
 And love loves you,
 So do its lovers love you,
 For love always loves its lover,
 And love does not love
 Except a lover,
 For you love this, that, you love it all,
 In love with love no love you waste at all,

Me I hate hate,
 And I hate the hatred of hate,
 And hate hates me,
 So its haters hate me,
 For hate always hates its hater,
 And hate does not hate
 Except its hater,
 For I hate not this, that, I hate not at all,
 Hating hate no hate I spare at all,

Therefore your love must equal my hate,

For you accept love and I reject hate,
If you lend me some of your love
that I may love my hatred of hate,
But I will not lend you some hate
To hate love no way!

Worldly Life vs. Spiritual Focus: Wealth,
Poverty, and Materialism

God Is With The Poor

Truly, God is with the poor
 The downtrodden and the despised
 God says in scriptures glad tidings to the poor

The wealthy are the poor
 And the poor the wealthy
 One side humbled and one side haughty

What is charity but a duty, not an extra deed
 Half of wealth given in poverty much greater than in wealth
 Thus poor are far ahead

The poor achieve faith, as God loves the humble
 And one side achieves his anger at their hoarding
 But true wealth is that of heaven and faith in God

Minimalism For God

Minimalism is the way to go,
 With minimalism, one maximises good in life,
 One gets rid of the unnecessary wealth,
 And lives a life of righteousness,

With minimalism one saves the earth,
 Reduces one's consumption of unnecessary,
 Looks to live with happiness,
 Concentrating on the high things in life,

Minimalism is simpleness and modesty,
 In dress, ownership and wealth,
 True minimalists donate to poor,
 And live a better life without big wealth,

Minimalism is about being mini in life,
 And maxi for the hereafter,
 As believers, we should be minimalists,
 And worship of God maximisers,
 Thus we will be successful,
 That is what I see is in the Quran.

More Gold?

Gold is hourly hoarded
For foolish selfish fun
God is holy
Holding existence

God is wealthy
Gold a metal
Evil are menacing
With worthless metal

Gold is old
Now wealth is on paper
Heaven is worth more
Than gold and paper

God is the King
Gold belongs to God
Glory is to him
The wealthiest ever

Wealth gains sins

As life is sinful
World evil
Participants hateful

One day the hoarded gold
Will not buy
Happiness or a home
Judgment day is near

Read the Quran
Question yourself
If God is a friend
God indeed near

God is bold
Hold on to your tear
As the weak poor
One day it will be different

The suffering, free from suffering
Heaven for the patient suffering
Seated at God's beckoning
The true reckoning

Gold is for the world
God for the hereafter
Holy God bless us all
Grant us things for ever-after

Be thankful and share
As the enjoyment of wealth
Comes to those who care
Leave no one in need

MORE GOLD?

As you yourself might be
As God is most just
And gives heaven to his friends!

Not Poor

It's funny to think of one's self as materialistically poor,
When all one's wants can be counted on the fingers of the hand,
And all the things that one has are great and uncountable in number.
It's funny to think of one's self as not having lived,
When all the wealth could not buy the feeling,
But thankfulness for what good one has solves this problem of the heart.
It's funny to think of one's self at all,
And not wonder at the great blessing of the thought,
Yet neglect one's happiness from gratitude, for grief,
For the unquenchable desire of the world.

Poor

God is the best friend of poor people,
God loves them so much that,
God guides them to faith in himself,
God's believers go to heaven after the here and now,
they don't just live in here and now in their mind but also in hereafter,
that is why they are happy and at peace all the time,
God's believers go straight to heaven,
only good people in the sight of God are his believers,

The Best Wealth

Luxury makes one forget the worship of God
to get up from worship becomes much harder
to be wealthy is to not suffer
and to suffer due to not suffering
which is the worst kind of suffering
to get rich needs lots of work
sometimes lots of luck and nothing more
lots of time spent on fun or increasing the wealth
ignoring the rights of God
while the poor and suffering are far ahead
believe and are worshiping God
so, stop doing evil for worldly gain
then you will realise the idol of the world was nothing but pain
and there is a God and he is deserving of worship
and the best wealth is to do good deeds and worship God

True Wealth

God is wealthy
we are all poor
realise this
and you will have gone far

True wealth is spiritual
not material
not of this world
but of God's love

Without idols you will not need
neither so much wealth
or greed
pay heed

Idols are the unnecessary in life
God hates for you to have the unnecessary
and not the necessary
so fix your life and your hereafter

Perhaps one day it will be

the reality of the world that all are poor
will be visible, it is inevitable
then people will be humble

So seek friendship and love of God
then you will be in bliss
in happiness and at peace
not needing wealth or the world
This will set you free

God says in the Quran paraphrased
Give up wealth so you have no idols
give up idols so you have no wealth
but neglect not worship by making yourself poor
yet God is forgiving

Work

Work is to worship God

Work is a form of charity

And should be taken as a form of charity

The money gained should also be used as charity

For self and loved ones and those in need

Who are the loved ones of God

For they might not be able to give charity to others

Nor to themselves or their loved ones

But a little or suffer death for lack of money

So, love those God loves

For money is only good as charity

And work should be done to worship God

Reflections on Religious Understanding and Community

Angels

Angels are high
 But they do make mistakes
 Like when God questioned them
 And they gave the wrong answer
 So, don't think they are perfect
 As only God is perfect

God expects intellect
 Not naive thinking
 Nor Suspension of intellect and reason
 Doubt is not a good thing in God
 But in all else it is necessary for a righteous life
 Indeed people are not perfect
 But they do not need to be made to believe in idols
 Whether the idols be prophets, angels, or holy books
 Nor will it make them good people
 They should be given their rights
 To think and believe as they want
 And as God says truth stands clear from falsehood
 And there is no compulsion in religion
 That is the way of progress

FROM REVELATIONS OF GOD

For each person and everyone.

Don't Say Son Of God

Son of God never meant God's son
 Nor God the son
 It meant not a son of idols
 Not the son of a tribe
 Not the follower of forefathers in evil
 It meant sometimes a radical
 An ethical
 Worshiper of the true God
 Then there came Islam
 All this confusion banished
 Replaced by Muslim a honorary title
 Not a submitter to the law
 Or predestination
 Nor culture of forefathers
 But again, the same meaning as the first
 A worshipping monotheist in our twenty first century tongue
 Thus, God does not want xenophobia but harmony
 Not to be tribal and racist of any kind
 So, let us all be worshipers of God and call ourselves, believers,
 Does not matter as to the name of religion
 It matters as to the faith and worship

Of God the supremely high

Fallacy Of Disbelief

The fallacy of disbelief is when disbelievers think because they disbelieve something, that makes them good,

This leads to the oppression of believers to force them to disbelieve what disbelievers want, so believers become good,

Many are oppressive, unless they understand the fallacy of disbelief.

Even believers have this sometimes, towards people with other beliefs.

Belief in God is what makes people good, and we should all seek that.

Guidance

Call, call, call on God
 Call on God for your Guidance
 Guide, Guide, Guide me God
 God hears the call
 And hopefully will Guide you aright

Know, know, know God is wise
 He answers the caller if they believe and love God
 He does not like the caller for worldly gain
 So be wise, wise, wise
 And call, call, call on God for your Guidance
 To worship of God the High

High, high, high is God
 He guides to himself
 And grants one everlasting life
 To worship, worship and worship God
 The only one worthy of worship
 Forever past present and future
 The only God

GUIDANCE

Glory, glory, glorified be God

The creator, the evolver

The holy and kind

Fine, fine, fine is life

When one worships and submits

To the ever-loving loyal God

Laugh, laugh, laugh and laugh

But laugh for God is the most high

And we all need Guidance and love

From God the supreme and wise

Like An Angel

Why are you modest and shy,
There is no shame in your form and desires,
In your body, there is no fault,
Why do you oppress yourself so?

Well, I answer, but you might not like,
For if you are like an angel you would want to hide,
All the animalistic possessions that you do have,
And oppress all your bad behaviour and desires within.

But if I was not an angel
I would perhaps see no shame in these,
And they would be my prized possessions and what I would seek,
So if I had them, I would flaunt for I would know nothing better,
But I am like an angel, and I know better.

Tree Of Evolution

Animal and human sitting up a tree
Who is human, God knows he is the Supreme
None of them is human, just animals you see
The tree of life just has animals no humans ever there will be
So, treat yourself and others with care
As God does not think of one as anything if one does not take care
Whether you believe, other is human or animal
It might be the opposite of what you think
And take care and know that God is the supreme

Navigating Life's Trials: Suffering, Patience, Death, and Hope

61

Death

Death is like birth,
A step towards,
A much better life,

Death is a cure,
For all the illnesses,
And misery of the world,

Death is forgiveness of God,
A step towards heaven,
A part of religion,

Let's be strong,
And grieve not when it happens,
As God is the wisest,

Death is not bad,
As there is a God,
And there is afterlife,

Death is a blessing

It is a necessity,
Death is unavoidable good,

Let's not hate death,
But not go near it
As is evil to hasten it

Believers are in heaven,
They are more alive,
Thus, there is no death,

They should be grieving,
As we are less alive,
Have less of a life,

Yet lets respect life here,
And have a meaningful life,
And add meaning to the meaning of our lives,

Let's not regret life,
Or get depression in our mind,
So, we live happily here,

And worship,
And worship,
For as long as it is possible here,

Let none give up,
Nor you or I give up,
As perseverance is the key to life here,

Perhaps one day,
Death will be no more,

DEATH

And there will only be life in heaven,
Forever more and more,

Where every believer will be,
Forgiven and living ethically,
With belief in God,
The truly kind,

Worshiping in peace,
Achieving bliss,
Without memory,
Of death or suffering of the world,

Let's pray and pray,
And have no doubt,
That it will come about,
As said God in the Quran.

62

Life

live

to live is to believe
and to believe is to live
so, make repentance and believe
then you will be more alive
religion is not the pursuit for death
but for life wherever one is
to believe that is life and to be alive
to be alive and live for God is the goal
not the opposite of belief which is opposite of life
so be alive and live and give life and let live
for God is near to those who live truly
and God is always present everywhere and at all times
God is truly alive
so come to life and
be alive

Life Is About Peace

life is not about fun or good deeds
it is about the worship of God

not about success or failure
but how good you have been towards God

not about how much you have done
but your purity of heart

nor about 'I' of any kind
but it is all about God the most high

tremendous is God the counter of deeds
as much weight as he wants

so give not into evil by thinking yourself poor
as he is rich and all capable you see

all depend on him for power
and all need forgiveness from him

and all will lose in worldly life
except for God the most high

so have peace and more peace
for life is about peace and love with God

Loss?

Don't hold a grudge against God
even if you're life is ruined
even if you're disabled for life
even from the start

Because disbelief leads to ruin
God is purely good and kind
you are not in ruin because of loss
you are at gain
the gain of God's love and mercy
if you are patient and good

Peace And Love Is Wise

Peaceful days are yet to come
 End will come to wars and suffering
 All of lands are yet to flourish
 Cry no more oh poor person
 Every gun will be replaced by flowers
 All the weapons will stop being made
 None of evil will have any power
 Death will be conquered
 Love that last will persevere
 Out will be all that is evil
 Very high God loves all the pious
 Endless peace and success for the holy
 In heaven and earth for all eternity
 Someday it will come
 Wait and see
 In the Quran it is said by the Supreme
 End is always near for all that is evil

Patience

Islam teaches patience

Patience is a key to heaven

Fasting is a part of patience

So is Divine decree

God teaches patience

And is with the patient

Patience brings faith

Patience makes one compassionate

Patience makes one realise that God is not bad

With patience, God eliminates the evil

With Patience, God gives people good deeds

For their worldly and hereafter lives

God is purely good and patient

For the patient is one of God's names.

Repent

Judgment day is near
Repent to God
If you are a believer
Speak right words
Make changes needed
Seek forgiveness
Change your path
To lead a believer's life
If you are not there yet
God is forgiving
God can forgive
God is all able
God is the best believer
God will reward righteousness
Be devout and worship
Without doubt

Strong Not Weak

Some are meat eaters
Some are eaten
Some are killers
Some are killed
Such is the world we live in
Whether it be the jungle or humanity
It is best not to harm another
With any of its meanings
But best to be of the weak
and a person who stands up for the weak

Repentance

Self-hatred should not happen when you repent to God
As you are good now because you repented to God
If you hate yourself after repentance than you hate a righteous person
So think of yourself as good after repentance to God
And do not say I have been bad as the bad is no longer in you
You are now an innocent and holy person so think of yourself positively
But know your deed was bad before the repentance
And become not arrogant and haughty due to your perceived holiness
Forget your wrongdoing and concentrate on doing good
And do not bring up your wrong deeds to self or others
And have hope in God's forgiveness and your own future goodness

What Is The Good Life

The good life is not the fantastic life
It is to strive against evil in life
And to relieve the misery it causes for all
It is the meaningful life,
the life of worship,
not ignorance and fun!

Why Is There Evil?

Why evil in the world?
maybe the world is evil
and God is good
so God hates the world
and has rejected the world
so God is for the hereafter
so he wants what he hates
for those he hates
and what is good for those he loves
God is always with believers for the hereafter

A Story About Dabby, Sandy and Patry

Dabby: Time...

time, time, don't have time

much of it running away all the time

Sandy: then worship the one who created time

and ask for time to have more time

to worship the Creator of all that exists including time

Dabby: time, time, Have more time

tell me how to have even more time

Sandy: time is for worship not for having time

time is precious to all, all the time

have the time to trust that you have the time

then worship God all the time

Dabby: wait all the time?

Sandy: time, time all the time

people make the mistake

and don't worship all the time

to not have time for He who is wealthiest in time

the one who gives and takes all the time

Dabby: dime, dime, don't have a dime
I worshiped till I ran out of all the dimes
Sandy: I will give the dime and the time
come with me we will have a good time all the time
Dabby: I have to get more dimes, but I have the time
I am falling behind everyone at this time

Sandy: you are ahead, and you are wealthy
now God is your friend and his is all dimes and time
Dabby: but how am I going to get any dimes
I am not wealthy I am dirt poor all the time
Sandy: be patient now you have time to worship God
soon you will be wealthy to spend on worshiping God

Dabby: but I don't need money to worship God I need money to have time for
wait
I have enough money and time to worship God but how about
I don't know, things of the worldly kind
Sandy: time, time, the time will come just be patient
for God has all things in heaven all the time
and they are for the patient worshiper at this time

Dabby: heaven, heaven, I have heaven all the time
you gave me time, money and then heaven
I worshiped God and he gave me heaven
I have heaven in my life and no time to waste
tell me how do I become better friends with God
Sandy: just worship God and he will love you even more

Dabby: I asked for heaven and I got what I wanted
not time or money or heaven did I need
I needed to worship God that is the real heaven you see
now I will spread this heaven of mine

and try to make the world into a heaven of a kind
by helping all worship God the supremely kind

Patry: time, time I have no time

Dabby: worship God and you will get better than time
heaven instead of time

Patry: sure I will die
but at least I will have had wealth
and not missed out on time, wait I have no time

Dabby: you will want time and then wealth then heaven
but more likely you will run out of time trying to get more time

Patry: what if I get heaven
and live happily ever after

Dabby: heaven can't be found here without worship of God
I have tried and have no money but I have peace of mind

Patry: Time, time, I have no time

I have to get more wealth to prove I have heaven
now that I have more wealth, I still have no heaven
I will donate a little and then I will definitely have heaven
see I have heaven now everyone I make everyone happy
I am the most kind

Dabby: Instead of heaven you guided him to worship himself
you are poor he's wealthy has time and seem to
have heaven instead

Sandy: he does not have heaven instead
God has heaven we all are trying our best
tell him to worship God and he will have God as a friend

Dabby: God loves those who worship him
give away wealth and time and worship God the truly kind

for God is the wealthiest and the most kind
Patry: but I have heaven and you have no wealth
how do you know more than me?
did you not see me seek time and work while you played?

Dabby: I played not but worshiped God
I have heaven because of God I want for you the same
Patry: I want for you the same!
I will rather spend the time in sleep and show you who is more great
has heaven and the rest who is the supreme

Storyteller:

So, the third slept and got up not.
Then came death and all three died.
Then I know not but I have heard
that people who worship God
live in heaven for all time
and so, it has spread far and wide
and I tell you the story to worship God.

Suffering and Happiness

Unavoidable suffering brings happiness in life,
When one is patient and worshipping God,
It becomes suffering for God,
Which is high stuff,
Leads to heaven and good deeds in life.

Unavoidable suffering brings one closer to God,
It increases God's love for one,
It results in compensation in the hereafter,
Where one gets forgiven and gets heaven from God.

VIII

The Promise of Heaven and the Hereafter

Five Steps To Heaven

Step one, the sad thing about life is that
You are mistaken, yet you think you are right
But you will only find out if you worship God instead

Step two, the funny thing about life is that
You can be more right, yet you don't know it yet
But you will find out and laugh at yourself instead

Step three, the hilarious thing about life is that
You are right, yet you don't know it yet
But you will find out and laugh at yourself instead

Step four, the high thing about life is that
You are correct, and you know it
So you will laugh with happiness instead

Step five, the happy thing about life is that
You are not in heaven, but you soon will be
laughing with angels instead

Near Heaven

You and me we are at peace,
we both are happy and in bliss,
you speak the words of love,
so do I, for hate has no place,
in yours or my heart.

Peace and serenity is wise,
seeking the goal of life,
the true gratitude of the soul,
to be at peace with God,
love is what I seek
the love of God,
and you be me and I you
all in one kind
worshiping God.

United in purpose
and desire of a better world,
a world of happiness evermore,
to grow and flourish with one mind,
trying to please God the most kind.

NEAR HEAVEN

Happiness is not fleeting
it is evermore,
at the footsteps of heaven
worshiping God evermore.

Tell Me About Heaven Oh Holy One!

Prophets for the humbled in life
 their business preaching presents of glad tidings
 to the poor and suffering ones
 of a place of peace
 with pure pleasing pleasure without pressure in sight
 holy is God the poor loving one
 there is hope for the bright in mind
 those that have God as a shining light
 deliberate delivery of hope
 deluged from high above for them
 the worship of God is wholly song by them
 good pious people nearer to God the high
 amazing the place of worship for them
 happiness but a name, it's reality be for them
 for the worshipers of God have survived everything
 holy is God the highest purest one
 he is not going to let any evil be for them
 so let us pray to be of them

The Fragrance Of Heaven

Trying to smell the fresh fragrance of heaven with faith
 where the truth circulates faster than light

where oppressors are not safe from the oppressed
 where God dominates and illuminates

yet there is not much smell of it here
 while God is always the dominant

perhaps he likes not the worldly life
 hereafter is what he seeks for all the believers

maybe he is not into pleasure now
 rather he is always into everlasting pleasure later

that does mean he is into intellect and good conduct
 perhaps God is a hereafter person

The End

With peace and love

Hopefully, this was a pleasant book

Like this book, all things will come to end

Even the most unlikely thing you think will not end

There is a new beginning after every end

And there is heaven in the afterlife

But know that God exists in every place

And the key to existence is to worship God

And your relationship with God will have no end

Nor will you have to worry about an end

IX

Call to Reflection

Reading Quran

Read read

Read the Quran

Have you read the part where

You should read it again

Because it is high stuff

High high

High is God

Read his words

And keep reading

Till you go to the everlasting life

Praise praise

Praised be God

For sending the Quran

To us, so we can

Read read and read

His holy words

Forever, more and more.

The Wise Human

A wise human once said nothing

For the ways of God he was starting to figure out

So he saw no evil heard no evil and therefore spoke not

And he knew that without error there could be no correction

And God created beings for their error and correction

There is no formula to life he rightly asserted,

It is determined on circumstance and intention,

But they indeed did lose

And the one who took his own destiny in his hand did win instead

For the position of god the wise human could never attain

And eventually, they gave into evil instead

Blank

I leave this one blank
your turn and thanks
pen your poem here and think
what is it that you believe
do you follow the society
or do you want to think
and break free from the corruption you see
like the prophets of God
and create your own path
which is nearer to all that is high
that is what I have done
and I invite you to the truth
does not have to be a religion
but I will tell you a good clue
the worship of God is where it is at
it is a simple yet hidden gem at that

X

Questions to Ponder

After reading this book here are some questions to think about.

The most difficult Question in your life

Here is the question for you:

What is the purpose of life?

Is it to seek and gain good knowledge?

Or to seek and gain good ethical wealth?

Or to seek fun and pleasurable good things in life?

Or the pursuit of a long and happy life?

Or the pursuit of good deeds?

Or the worship of God?

My answer: It is indeed not all the above, but only the worship of God.

Therefore, No god but God.

Another Question

What is the highest kind of worship?

Hint: The biggest question in life is how to worship God the best way possible.

Back Matter

“From Revelations of God” is a collection of spiritual Islamic poetry by Hamish Dean that explores the profound connection between the human soul and the Divine. Written with a focus on monotheism, humility, and the rejection of worldly materialism, the book serves as a guided meditation on finding peace through the worship of Allah.

The Heart of the Message

At its core, this work challenges readers to look past the “rat race” of modern life and find the “hidden gem” of spiritual devotion. The author reflects on a personal, miraculous life defined not by wealth or status, but by a deep friendship with God. The poems emphasise that while the world is full of “fools’ gold,” true success lies in submission to the Creator and service to the poor and downtrodden.
